### 2 Job Purpose
The Executive Director directs and guides through her/his leadership the IUHPE’s team in fulfilling the organization’s strategic goals and objectives as agreed by the Executive Board. She/he plays a key role in ensuring that the organization’s governance requirements are met, in overseeing implementation of the Work Plan and projects, and in representing the IUHPE in various international fora and with international and national agencies. The IUHPE is a trilingual organization with English, French and Spanish as official working languages, but over 80 percent of the work is conducted in English.

### 3 Organizational context:
The International Union for Health Promotion and Education (IUHPE) is a global professional nongovernmental organization working in health promotion around the world. The IUHPE’s core mission lies in making the case for effective health promotion and the development and implementation of healthy public policy. Our purpose is to influence and facilitate the development and implementation of health promotion knowledge, strategies and projects.

The IUHPE provides an international network that encourages the free exchange of ideas, knowledge and experiences, collaborating in the development and implementation of projects at global, regional and local levels. The organization works closely with other global, regional, and national health-focused bodies both in and outside the health sector, including from government, civil society and the private sector, across a range of settings.
